Dear Janet

**Accessible Transport Strategy Draft Action plan 2009-2012.
Belfast International Airport Response**

I have reviewed the document as requested and to address your questions;

1. I believe that accessibility has improved greatly over the past few years. This is mainly due to the raising of awareness on accessibility issues and the breaking down of attitudinal barriers.
2. I find the Action Plan to be comprehensive, well laid out, simple, concise and easy to understand.
3. The plan appears to address all the outstanding issues using a partnership approach with a realistic time frame.
4. The Action Plan appears to address all the transport issues that I am aware of.

If you require further feedback or clarification on this response please feel free to contact me at any time.

Yours sincerely
