SECTION 1

1. PURPOSE

- 1.1 This document sets out details of the Department's corporate governance arrangements. It provides information on the arrangements which have been established to ensure proper and effective management of the Department's affairs.

2. DEFINITION

- 2.1 Corporate Governance is the way in which an organisation is directed and controlled. It defines the distribution of rights and responsibilities among the different stakeholders and participants in the organisation, determines the rules and procedures for making decisions on corporate affairs – including the process through which the organisation's objectives are set – and provides the means of attaining those objectives and monitoring performance.
- 2.2 This Framework provides an overview of the corporate governance processes and responsibilities within the Department for Regional Development. Nothing in the Framework is intended to disturb the roles and responsibilities of the Minister. The Minister leads the Department and is responsible and accountable to the Assembly for the policies, programmes and actions of the Department. The Departmental Board exists to support the Minister in his leadership and running of the Department.

3. REVIEW

- 3.1 The Framework is intended to be a living document. It will evolve as the Department's corporate practice develops. It will therefore be kept under continuing review. It will be formally updated at least once a year in the context of the Annual Report of the Departmental Board.

SECTION 2

4. ORGANISATION and STRUCTURES

4.1 The five key organisational structures which support the delivery of corporate governance in the Department are the:

- Departmental Board;
- Departmental Audit Committee;
- Weekly Business Review meeting;
- Sub Committee of the Departmental Board: Relationships with Arm's Length Bodies; and
- Finance Sub-Committee of the Departmental Board.

Departmental Board

4.2 The Departmental Board exists to lead the Department's strategic planning and assist the Permanent Secretary and Principal Accounting Officer in meeting their corporate governance responsibilities for the Department. The Board operates within guidelines set out in HM Treasury's *Code of Good Practice on Corporate Governance in Central Government Departments*. The Board's Terms of Reference – which set out the functions, aim and responsibilities of the Board and its membership – are at Annex A.

4.3 The Board provides corporate leadership to the organisation as a whole, takes responsibility for the Department's performance, provides support for the head of the Department and provides advice to the Minister. The Board is chaired by the Permanent Secretary of the Department. The Deputy Secretary for Regional Planning and Transportation, the Senior Finance Director, the Chief Executive of Roads Service and the Director of Human Resources and Organisational Change are Executive members of the Board. There are also two non-executive Independent Board Members (IBMs).

4.4 The Board operates as a collegiate forum, under the leadership of the Permanent Secretary, to manage the running of the Department. It is not the principal policy making body within the Department, as policy is determined by the Minister. The Board does discuss policy in the context of analysing options, strategic planning and operational management. In the policy area, the Board operates in an advisory and consultative capacity, offering guidance when sought. It does not usually direct any of

its members on how their business areas should be run; day-to-day operational matters are the responsibility of the Senior Finance Director, the Deputy Secretary for Regional Planning and Transportation, the Chief Executive of Roads Service.

4.5 The Senior Finance Director, the Deputy Secretary for Regional Planning and Transportation, and the Chief Executive of Roads Service:

- are the main policy advisors to the Minister for his/her area of responsibility, subject to the overall direction of the Permanent Secretary;
- participate in the high-level corporate decision-making process as a member of the Departmental Board;
- contribute to corporate governance arrangements within the Department; and
- provide support for the Permanent Secretary.

4.6 The organisational structure of the Department is set out at Annex B. An illustrative work programme for the Board, which is developed on a rolling basis, is set out at Annex C.

4.7 The objective of the Board is to provide collective leadership for the Department and to:

- take forward the Department's strategic aims and objectives;
- determine the strategic allocation of the Department's financial and human resources to achieve those aims and objectives;
- strategically manage overall departmental resources, and monitor and take action to ensure the achievement of objectives;
- set the Department's standards and values;
- maintain an effective system of internal control;
- assess and manage strategic risk; and
- lead and oversee organisational development, encouraging innovation and, where appropriate enterprise, to enhance the Department's capacity to discharge its functions efficiently and effectively.

4.8 In order to achieve these objectives, a formal schedule of matters reserved for Board decision – that is, those which should not be delegated within the Department – is maintained. This covers decision-making in relation to the following matters:

- setting the strategic direction for the Department through the corporate plans and business plans to achieve Ministerial objectives.
- financial planning and management, including allocation of resources to match delivery requirements and in-year monitoring and management of expenditure.
- monitoring departmental performance against objectives and targets and assessing the risks to delivery.
- risk management policies and plans, including the identification and management of strategic risks to the achievement of objectives and priorities.
- HR strategy and the effective organisation and use of staff to achieve Ministerial objectives and priorities, including managing attendance.
- departmental change and improvement programmes.
- corporate governance arrangements within the Department and with our arm's length bodies.

4.9 The Board is supported by a secretariat, located within the Resources and Management Services Core Group. The secretariat is responsible for ensuring compliance with Board procedures and maintenance of a Register of Interests for the Board. An agenda and papers are circulated in advance of each meeting and a record of meetings is circulated to Board members, and posted on the Department's web site. The secretariat will prepare an induction pack and programme for new members. A copy of the Board's Standing Orders is attached at Annex D.

4.10 The Board's performance is reviewed annually, and an Annual Report is prepared which summarises the Board's activities and arrangements.

Audit Committee

4.11 The Board is supported in its role by the Audit Committee, which is a sub-committee of the Board with no executive powers. The role of the Audit Committee is to support the Board in its responsibilities for issues of risk

control and governance by reviewing the comprehensiveness of assurances in meeting the Board and Accounting Officer's assurance needs and reviewing the reliability and integrity of these assurances. The Audit Committee's Terms of reference are set out at Annex E.

Sub Committee of the Departmental Board: Relationships with Arm's Length Bodies

- 4.12 The Board established a sub-committee on Relationships with Arm's Length Bodies (ALBs) in October 2008. ALBs have their own corporate governance arrangements with Boards which have Executive and non-Executive members. The Department's Board ensures that there are robust governance arrangements with each ALB Board in order to promote high performance and safeguard propriety and regularity. The role of the Sub Committee is to review and drive improvements in the Department's governance and assurance framework and practices in its relationships with ALBs and to report recommendations to the Departmental Board. It will additionally act as a forum for the promotion of best practice and sharing of experience amongst those sponsor divisions in the Department who engage with ALBs. The Sub-Committee is chaired by an Independent Board member. Members include the Senior Finance Director, the Deputy Secretary for Regional Planning and Transportation, the Director of Finance, the Director of the Shareholder Unit, the Director of Public Transport Performance Division, the Director of Ports and Public Transport Division, the Head of Internal Audit and the Head of Strategic Planning Branch. The Sub Committee's Terms of reference are set out at Annex G.

Finance Sub-Committee of the Departmental Board

- 4.13 The Board established a Finance Sub-Committee in November 2008. The aim of this Sub-Committee is to discuss and consider key strategic finance issues impacting on the Department and through this process to assist and enhance strategic financial management and financial decision making. The Sub-Committee is chaired by the Permanent Secretary with the Senior Finance Director as deputy-Chair. Members include an Independent Board member, the Director of Finance-Core, the Director of Finance-Roads Service, the Director of Human Resources and Organisational Change, the Director of Public Transport Performance Division and the Head of Financial Planning. The Terms of Reference of the Sub-Committee are set out at Annex H.

Weekly Business Review

- 4.14 The Weekly Business Review (WBR) is the regular meeting of senior management to discuss ongoing operational issues, including forthcoming

Executive and Assembly business. It is chaired by the Permanent Secretary and membership comprises the Deputy Secretary for Regional Planning and Transportation, the Senior Finance Director, the Chief Executive of Roads Service, the Head of North South, Equality, Policy Coordination Directorate, the Principal Information Officer, and the Minister's Private Secretary.

5. ROLES AND RESPONSIBILITIES

Permanent Secretary

5.1 The Permanent Secretary is the Minister's principal advisor across the full range of his/her Ministerial responsibilities. In terms of the Department's corporate governance arrangements, the Permanent Secretary acts as Head of the Department and chair of the Departmental Board. The Permanent Secretary is also the Principal Accounting Officer for the Department. The Chief Executive of the Roads Service is an Agency Accounting Officer.

5.2 As Chairman of the Board, the Permanent Secretary is responsible for:

- ensuring the Board fulfils its responsibilities;
- ensuring that the business of Board meetings is conducted efficiently and effectively, that there is open debate and that all views are heard;
- summing up Board debates and seeking agreed decisions; and
- controlling the order of Board meetings.

Accounting Officer

5.3 As Accounting Officer, the Permanent Secretary is responsible for ensuring that:

- a sound system of internal control is maintained in the Department to support the achievement of its policies and objectives, and that the effectiveness of this system is reviewed regularly;
- public funds assigned to the Department are managed with propriety and duly safeguarded;
- departmental assets are controlled and safeguarded, and that there are appropriate checks;

- the departmental accounts are properly presented as prescribed by HM Treasury;
- the correct financial procedures are followed and accounting records maintained in a format suitable for management and in the form prescribed for published accounts;
- all relevant financial considerations are taken into account, and where necessary brought to the Minister's attention, when considering policy proposals relating to expenditure or income;
- the impact of the Department's activities on others is properly identified and, where appropriate, taken into account; and
- the Statement on Internal Control is signed.

Executive Board Members

5.4 The business of the Department is managed by Executive Board Members acting as a Board. In the Department those appointed are the:

- Deputy Secretary for Regional Planning and Transportation;
- Senior Finance Director;
- Chief Executive of Roads Service; and
- Director of Human Resources and Organisational Change.

5.5 In their role as Executive Board members, they are responsible for the development of strategy and for supporting the delivery of that strategy. This includes taking steps to ensure that the business is prioritised and decisions implemented in accordance with the objectives set by the Board. The roles and responsibilities of each Executive Board member have been agreed with the Permanent Secretary and are outlined in the organisation chart at Annex B.

Independent Board Members

5.6 The Department has two non-executive Independent Board Members. Their role is to provide strategic advice to the Board, contribute to decision-making and support the good corporate governance of the Department. The role of the Independent Board Members is to provide:

- constructive challenge across the Board's business;

- a fresh, objective perspective and new ideas;
 - improve rigour to Board processes;
 - specific expertise and experience;
 - a safe sounding board for new approaches; and
 - a balance to the mix of skills and personalities on the Board.
- 5.7 The Independent Board members should ensure all aspects of strategy and delivery of policy are scrutinised for effectiveness and efficiency. In particular, the non-executive board members should:
- be involved in the monitoring of performance and progress of the Department, including the use of human and financial resources;
 - maintain a critical overview of the Department's financial controls and procedures for assessing and managing risk, drawing on their wider experience; and
 - depending on the responsibilities of the Department, challenge the quality of the policy formulation process.

All Board members are required to adhere to the Seven Principles of Public Life which are set out at Annex F.

6. INTERNAL CONTROL AND RISK MANAGEMENT

- 6.1 At the end of each financial year the Department's Annual Report and Accounts is laid before the Houses of Parliament in accordance with Government Resources and Accounts Act (Northern Ireland) 2001 (GRAANI). On approval, the Annual Report and Accounts is published under the Copyright Act 1911 and made available on the Department's website.

Statement on Internal Control

- 6.2 As part of the Annual Report and Accounts the Accounting Officer is required to sign a Statement on Internal Control. An effective governance framework including a risk management process involving a systematic approach to the evaluation and control of risk is required to support this.

Internal Audit

- 6.3 The Accounting Officer and the Board are independently advised by an internal audit service operating in accordance with Government Internal Audit Standards. The primary objective of Internal Audit is to provide the Accounting Officer and the Board with an independent and objective opinion on risk management, control and governance, by measuring and

evaluating their effectiveness in achieving the Department's agreed objectives.

Risk Management

6.4 To assist in the process of identifying and managing risk, the Department has developed a Risk Management Framework which:

- identifies the Department's high level risks; and
- analyses the risks that attach to each of the targets and outputs in the current DRD Business Plan.

It also identifies the Board Level Risk Owner (BLRO) for each of these risks and reinforces the inextricable link between risk management and the business planning process. The Corporate Risk Register is endorsed by the Accounting Officer and Departmental Board and is subject to quarterly review and revision, including lessons learned from the previous reporting period.

6.5 The following key principles underpin the Department's approach to risk management:

- the Departmental Board, chaired by the Permanent Secretary, has overall responsibility for risk management within the Department;
- key risks are identified against the Department's business objectives as an integral part of the business planning process;
- each risk is assigned to the appropriate Executive Board member who is responsible for ensuring that controls are in place at all levels to manage the risk;
- all new business activities are assessed for key risks and controls put in place; and
- progress on the management of risks is reported quarterly to the Departmental Board.

Assurance Statements

6.6 Another key element of the system of internal control is the 'Assurance Statement' process. This process requires each Grade 7, Grade 6 and Director to provide quarterly assurance statements as a basis for the

authorisation, by the Accounting Officer, of the annual “*Statement on Internal Control*”.

6.7 ***Departmental Whistle blowing Procedures***

The Department has Whistle blowing Procedures to ensure that concerns about potential malpractice and unethical behaviour can be raised appropriately and in line with best practice. The Department takes these issues very seriously and is committed to the highest possible standards of openness, probity and accountability. The procedures ensure that staff can raise concerns quickly, and in confidence, and that managers are aware of how to handle such concerns. Staff can access the procedures through the Personnel Division website and the DRD Today homepage.

Other Processes

6.8 There are also a number of other processes which contribute to corporate governance:

- a series of risk registers at Agency/Core Group, Functional Area/Division level which underpin the Corporate Risk Register;
- the corporate and business planning process and associated monitoring and reporting process;
- the Performance Management System for reviewing and assessing the performance of individual members of staff;
- personnel policies designed to ensure the Department complies with employment law and has the appropriate numbers of staff with suitable skills to meet its objectives;
- Budgets & Priorities setting and In-Year Monitoring processes;
- the Departmental Anti-Fraud Policy which details responsibilities regarding the prevention of fraud and a Response Plan, which specifies the procedures to be followed in the event of a fraud being detected or suspected. Both documents relate to fraud and loss within the Department and its sponsored bodies;
- Annual Business Area Security Returns, which form the basis of the Annual Departmental Security Report; and
- Assurance statements from NIW and NITHCo.

Annex A**DRD DEPARTMENTAL BOARD (DB)****TERMS OF REFERENCE AND OBJECTIVES****Purpose**

1. The Departmental Board (DB) supports the head of the Department by contributing to the corporate management of the Department within the strategic policy and resources framework set by Ministers.

11. Where members have concerns about the running of the Department or a proposed action which cannot be resolved, they should ensure that these are recorded in the minutes.

Operation

12. DB will meet monthly, between 10 –12 times each year, to deal with corporate management issues. It will agree, annually, a formal schedule of matters reserved for board decision, i.e. those which should not be delegated within the Department. This will cover the activities of the Department and include reports on:

14. DRD's Shareholder Unit will engage with NIW on strategic and shareholder matters - this interaction will be driven by monthly performance reporting and quarterly shareholder meetings. The

Permanent Secretary as Accounting Officer holds ultimate responsibility for DRD's shareholding in NIW but will report significant matters to the board - for information.

Committees

15. An Audit Committee will operate in accordance with DFP or HMT guidance. The Committee should be chaired by an IBM, with at least one committee member having recent and relevant financial experience.

An agenda and papers will be circulated one week in advance and a summary of Board outcomes will be circulated to staff within three working days of the meeting. The formal minutes will be posted on the Department's web site within three working days of the following board meeting. The secretariat will prepare an induction pack and programme for new members. The pack for independent board members should contain details of the Department and the Government environment as a whole.

Annual Report

19. The Department will report annually on how the board operated, including a high level statement of which types of decision are to be taken by the board and which may be delegated. The report should also cover the work of the audit committee and any other associated committees. It should include details of the overall arrangements in place for promoting sound working relationships with the Department's ALBs. It should identify each IBM the Department considers to be independent and their level of

remuneration. Reasons will be given if relationships and circumstances appear to call such independence into question. This report will form part of the material accompanying the annual report and resource accounts.

Annual Evaluation

20. DB will undertake an annual evaluation of its performance. Every two years it will formally consider its remit, constitution and operating procedures. Membership will be reviewed annually in relation to the balance of skills, training needs, succession management and talent development.

Selflessness

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

Integrity

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

Objectivity

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

Openness

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

**SUB-COMMITTEE OF THE DRD DEPARTMENTAL BOARD: RELATIONSHIPS WITH
ARM'S LENGTH BODIES**

TERMS OF REFERENCE

1. Introduction

The Departmental Board established the "Relationships with Arm's Length Bodies (ALBs) Sub-Committee" in October 2008 to:

- (a) improve the Department's framework for governance, and oversight of, its ALBs; and
- (b) scrutinise and provide assurance about the practice of Sponsor Divisions in overseeing and managing relationships with the Department's ALBs.

Sponsor Divisions will retain primary responsibility for the daily working relationships with their ALBs, within the governance and assurance framework set by the Departmental Board and this Sub-Committee. The work of the Sub-Committee will seek to enhance the promotion of good governance within the ALBs, and will not detract from the role of the individual ALBs in this regard.

The Sub-Committee will report directly to the Departmental Board at least quarterly. It will also bring any significant issues relating to the regularity and propriety of expenditure and/or value for money to the immediate attention of the Accounting Officer and the Departmental Audit Committee.

2. Role

The Sub-Committee's role is to review and drive improvements in the Department's governance and assurance framework and practices in its relationships with ALBs and to make recommendations to the Departmental Board. It will ensure that arrangements are kept under review, taking into account changing circumstances, best practice and emerging corporate governance requirements. The Sub-Committee will additionally act as a forum for the promotion of best practice and sharing of experience amongst those who are engaged with ALBs.

3. Objectives

- (a) to promote and develop a culture of robust governance arrangements with ALBs, paying regard to best practice as set out within '*Managing Public Money*' and other guiding documents;
- (b) to regularly review the Department's governance and assurance framework for managing ALBs against best practice and to make recommendations to the Departmental Board of where changes and improvements are needed;
- (c) to review the Department's practice in managing ALBs and to make recommendations for improvements to the Departmental Board, including areas where greater consistency or improvements in value for money are needed;
- (d) to ensure that recommendations made by the Sub-Committee and approved by the Departmental Board are implemented;
- (e) to review the ongoing impact and outcome of changes made to relationships with arms length bodies;
- (f) to identify and disseminate best practice to those managing ALBs and to review training needs and their fulfilment;
- (g) to review the risks to the Accounting Officer in relation to the Department's governance and assurance framework for managing ALBs and Group level ALB risks; and
- (h) to ensure the Department is well-placed to make a positive report within the annual departmental Resource Accounts on the overall arrangements for promoting sound working relationship with ALBs.
