Dear Ms O'Neill

Draft Sub-Regional Transportation Plan 2015

Having considered the above mentioned draft plan, the Council now wishes to express its strong objection to the fact that no provision whatsoever has been made for highways infrastructure investment over the next few years, until 2015.

Furthermore, the spending per head of population in Moyle equates to a figure of approximately £24, compared to the NI average of over £80. Given that Moyle is a NTSN area, the Council feels that an allocation equivalent to only 30% of the NI average is totally unacceptable.

Overall, it is felt that insufficient regard has been given to the Moyle area and that the transportation needs of the district need further detailed consideration.

Yours sincerely

R G Lewis
