

Travel Safe

A guide to being out and about
for people with learning disabilities

Introduction to Travel Safe

A guide to being out and about for people with learning disabilities.

This guide will help when you are out and about and need to use a bus, train or taxi. It explains some of the things that you need to know to travel safely by yourself.

When we made this guide we found out everything we could about travelling safely. We read other guides, we looked things up on the internet, we talked to the police and to road safety officers. We also talked to people with learning disabilities about what they felt people needed to know.

When we had done all that, we put all the information together in this book.

To help make this book easy to understand, we took pictures of the things you will see when you are travelling.

We hope that this book helps you to get out and about and travel safely.

Contents

Section 1 - My Safety	7
Before you go out	8
When you're out and about	9
Keeping your money safe	11
Things you should take with you	13
